Dear Dance Tech Families~

I wanted to take the appropriate time to research and evaluate our plan moving forward in regards to our current, worldwide health situation before making any further decisions. Our infinite love, support and concern for all members of our Dance Tech family and our community have always been first and foremost our top priority. There is no “how to manual” for any of us to refer to nor a crystal ball to see where all this is going. Each of us, including myself as Director and owner of our small business, have many, many things to consider and take the responsibility very seriously in doing our best to make the best decisions at that time and what then trickles down from there.

We have decided to cancel all classes/rehearsals as of March 16th-March 29th. At that time, a decision will be made to the next step in moving forward.

The DTS staff are researching, brainstorming, sharing ideas and solutions in how to keep our dancers “activated” while the studio is closed. We are looking at various technology options and how to implement those options. We want our dancers to keep engaged and healthy; both mentally and physically, as much as possible with these temporary constraints. It is important to each of us to continue sharing our love, support and positivity to our dancers; even if we can’t physically be with them. This is our goal and we will achieve it!

Enjoy your families, this “unique time” and let us know of any suggestions, thoughts or needs we can help with. We are a Dance Tech Family- always! And if anyone needs toilet paper- let us know!

Much Love,

Nicole and all Teachers and DTS Staff
